

U.S. Department of Energy

ANNOUNCEMENT

OAK RIDGE OPERATIONS OFFICE

OR 3972

August 21, 2001

SUBJECT: CARDIOPULMONARY RESUSCITATION CERTIFICATION

Recent Cardiopulmonary Resuscitation (CPR) Certification classes taught by Oak Ridge Operations (ORO) Occupational Health Nurse, Iris S. Housley, resulted in forty-two employees across ORO, the Office of Scientific and Technical Information (OSTI), and the Office of the Inspector General being certified to administer CPR. Twelve ORO and OSTI employees as well as five contractor employees have been trained in the usage of the Automated External Defibrillators located in the Federal Building and at OSTI.

To assist you in locating a CPR certified employee during a cardiac emergency, seals will be affixed to the outer door of each certified employee's office. In addition, a list of CPR certified employees will be posted on medicine cabinets and first aid kits in Oak Ridge facilities, and it will be posted to the Human Resources Division web site at <http://www.oro.doe.gov/pmab/HealthStation/HealthStation.htm>. Wackenhut Security employees will also be provided with a copy of the list as will the ORO Emergency Operations Center.

CPR certification classes will continue to be offered periodically. Requests for participation should be made through the Training and Development Group web site at <http://www.ornl.gov/tdd/tddhome.htm>.

Melanie M. Kent, Chief
Personnel and Management
Analysis Branch
